The No-Fight Divorce Book

Synopsis

End your marriage on your own terms and without the cost and heartache of a traditional divorce. Divorce doesn't have to be harder for you than it already is. The No-Fight Divorce Book provides you with all you need to know to take advantage of mediation, an increasingly popular, proven alternative to traditional divorce that is less time-consuming, far less expensive, and a whole lot more civilized. In The No-Fight Divorce Book, former divorce attorney and mediator Sember explains what mediation is, how it works, and how to use it to take control of your divorce and work with your partner. She explains, in plain English, the legal basics involved, providing you with:

- Tips on what to expect from your mediation experience, how to properly prepare for the process, and how to reach agreement in mediation
- Checklists, questionnaires, logs, and communication techniques that help you stay organized
- "Words That Work" that help you deflect conflict and promote understanding and compromise between you and your spouse
- Professional guidance on how to mediate key divorce issues, including property settlements, alimony, child support and custody

The No-Fight Divorce Book is the only mediation guide that emphasizes communication skills and helps readers learn how to talk to their partners in mediation. The book also focuses on solving common mediation problems. Other information includes:

- How to find a qualified mediator
- Why you need an attorney and a mediator
- How to convince your partner to use mediation
- Different types of mediation that might work for you
- Court-ordered mediation
- How to determine if mediation will work for you
- What to look for in your agreement with your mediator
- How to get into the mediation mind-set
- Why you might want to involve your child in mediation
- How to create a parenting schedule
- Tips on negotiating alimony and property settlements
- How to review your final settlement
- What you need to do to make the settlement legal
- Why you might need to return to mediation after divorce
- How mediation can be used by unmarried couples

Wait, divorce doesn't have to be a nasty, fight-to-the-death affair? This book and the tips given within will help any couple ending their partnership. Thanks for bringing sanity into the divorce process.

This is the book I needed 25 years ago! Would have made so much difference in my life. Glad I found it when I was trying to help out a friend.
