Customer Reviews

Good bathroom reading, no more, no less. Entertaining trivia, so you can say, "oh, yeah, I spotted that" or, "oh, wow, so that's what that referred to". Pretty inclusive, from what I could see (I didn't read about the few movies I haven't seen) although the reference to "tales to astonish" early in Ant-Man is overlooked. If you don't want to search the Internet for this stuff, there are worse ways to kill an hour.

This book is great for people who don't know much about the Marvel universe, and serves as a

good tool for picking out all the "Easter eggs" the movies have to offer. There are a lot of spelling and grammar issues, though. If there is to be a sequel beginning with "Civil War", I suggest the use of spellcheck before submitting it to the publishing company.
