Customer Reviews

I'm fairly impressed by this guide as it had different kinds of jokes such as the short ones and the story format jokes. Some of it were really funny so I give credit to the author for this collection. You

can actually use them as they're not obscene or perverted in any way. I think I can share some of the jokes to the kids as they really like those kind of jokes. I think most of the jokes were new and something I have never heard before. I'm looking forward to the author's next collection.

It is difficult to make someone laugh especially when a reader knows that he is reading a sort of a comedy book. A reader has already adjusted his feeling and expected for a maximum level of funny stuff that can make him laugh. Readers will get disappointed when they are not satisfied and will directly end up with the comment "IT WAS A BORING THING". However, this book is a complete package. It gave me a good laugh while reading the author's collection. It was absolutely full of fun and entertaining.

This book is truly hilarious! When you want to laugh out loud with your friends, family or loved ones this book would be your jam. I also believed that laughter is a powerful antidote to stress pain and conflict. Especially in today's generation you can face a lot of hardship in life, but there are lots of ways to overcome this kind of situations and problems specifically this kind of book. This kind of book will make you realize a lot of good stuff in life. This book is a must have

This book is listed under children's humor books and is tagged as an children's ebook. (Although the full title states it's adult humor, the short title on the cover and in the category page does NOT include the 'for adults.')

It is definitely NOT appropriate for children. It's okay for adults, if you're comfortable with several sexual innuendo jokes.

Oh my. This is one of the best collection of funny short stories I ever read. My wife loved it too and even read again some of its stories. There's nothing more joyful than to read a book like this with your love ones. This is a book that must be offered to those who are under stress or sadness. I read an article regarding coping up with depression and it says that engaging yourself to a fun time will somehow help you cope with it and I think this is one of those ways. Great book

This book really tickles me a lot. If you want some funny collection of jokes that could suffice and relieve you from a stressful environment you came from, then, this book is best for you. I have really enjoyed much all of the jokes provided by this book. Highly recommended!

This book is great. It's packed full of witty jokes to tell your mates, which is great for me as my usual

stuff is rubbish! My mates are now shocked to find me telling jokes that are actually funny! Fantastic for making people laugh and relieving the stress of working all the time. The author has done a fantastic job with this. I highly recommend grabbing a copy today and impressing your friends and family!

I absolutely love the story version jokes, I read at night to fall asleep, doesn't work too well reading jokes that obviously make me chuckle (which in turn wakes the hubby) *OOPSGreat read though
