## Synopsis

With the proliferation of casinos in the United States and around the world, more and more people are able to get out and try their luck at the gaming tables. But with the wealth of diverse games available it can be time consuming, and expensive, to learn the in's and out's of each and every game. The Weekend Gambler's Guide books are intended for the casual gambler, the one who goes to the casino every once in a while to try his or her luck for a few hours. Each book includes descriptions of a specific table game, variations of the game, play strategies and recommendations based on the odds and actual casino play experience. In this volume the games of Punto Banco (or "North American baccarat"), Baccarat Chemin de Fer (or "chemmy"), and Baccarat Banque (or "Ã deux tableaux") are explored in depth, with detailed explanations on how each game is played, the different types of bets available, payout odds, probabilities, suggested methods of betting and common pitfalls to avoid.

## Customer Reviews

You forgot to ask about Baccarat as a winning business .it's a sham after reading it ,they the author wants to have a one on one personal meeting .at consumers expense too learn how to play absolutely a ripoff book. DO NOT recommend it to anyone a total scam thx jj also like to mention

that the book how to manage your money when you don't have any .the left side of 40% of the book has a line of missing words throughout the entire book I didn't feel like mentioning it but it really bothers me. thx again jj p.s. very ,very hard too read. to put the missing word or words that are missing very very hard too read .someone should kinda check that I know it's hard and few between. I can send through my phone the book and it's missing page after page ,a line from top to bottom the white line of missing words . a cell phone to your cell phone ,not good at computers or how to figure no other way of sending it thanks jj

Easy to understand. Quick read. Good information. Short and to the point. Tells you simple strategy: always bet the bank and never gamble more than you can afford to lose.

I can write like this book also. You can find the information though internet. I can't understand other people's rating

Very easy to understand.
