Fantasy Football For Smart People: Daily Fantasy Pros Reveal Their Money-Making Secrets

Synopsis

Fantasy Football for Smart People: Daily Fantasy Pros Reveal Their Money-Making Secrets is the first book to truly dig deep inside the minds of daily fantasy football's most lucrative players—the ones raking in full-time salaries playing the game you love. With interviews from headchopper, Al_Smizzle, PrimeTime420, dinkpiece, naapstermaan, MrTuttle05, and others, you'll learn exactly how the experts go about researching, projecting players, and creating their daily fantasy sports lineups each week. In addition, Daily Fantasy Pros Reveal Their Money-Making Secrets contains chapter-by-chapter commentary and analysis from author Jonathan Bales and Top-10-ranked daily fantasy pro Peter Jennings, a.k.a. CSURAM88. With unprecedented access to the strategies used by the world's top players, you'll learn how professional daily fantasy footballers are really cashing in—and how you can too.

Customer Reviews

First off, a 4-star isn't bad. It means I like it; in fact, I would recommend this book to anyone playing daily fantasy football. I wish I started reading this book when I started last season. Last season I ended up losing good amounts from playing too many tournaments and not managing my bankroll

well enough. This book goes in good depth on why Head-to-Head games and 50/50s are the way to go for long-term profitability. I won't go into details with it since it's all in the book. Why not 5 stars? I thought the graphs were really hard to read due to the cheap printing and lack of depth. But honestly, you really don't need to read the graphs to understand the material. Would I buy it again? Yes, and like I said, I recommend this book to anyone who is starting fantasy football.

Good basic info, but seems to be missing all the details. You know, like how are these 'pros' submitting into contests. Ok, I know they only use 15% of their bankroll, but are they playing one 50/50 game for \$250 or are they playing 10 \$25 games. There also has to be more to selecting players. Research is great, but like is said in the book, it's volatile. How are the 'booms' being picked when they 'boom'.

The book is a very general guide, no more than a few anecdotal examples here and there. I think the value for how much the book was is good, but lacks enough substantial content to make it worthwhile.

I felt like I was back in college, taking notes as I read. I am just thankful to the author to give up such valuable information for these price of a kindle book.

Good information on how to approach a variety of different games , head to heads ,GPP and 50/50s. Recommended for beginner to intermediate player

Bales did it again. This is a rare glimpse in to the minds of DFS Pro's. A must for anyone trying to take their DFS hobby to the next level.

Even though I work in the daily fantasy sports industry, this book still contained a wealth of new information from some of the most trusted players around. I am a better daily fantasy sports players as a result of reading Jonathan's book!

This is a very detailed yet easy to understand guide to Fantasy Football and I thoroughly enjoyed it! In fact, it's the kind of book that would be easy to read again! It was a fun and productive read!
