Breakfast Of Champions: A Novel

Synopsis

In *Breakfast of Champions*, one of Kurt Vonnegut's most beloved characters, the aging writer Kilgore Trout, finds to his horror that a Midwest car dealer is taking his fiction as truth. Customer Reviews

Kurt Vonnegut Jr. has specialized in two types of novels. The first types are made up of sharp, witty tales that poke fun at humanity, while all the time keeping one eye on the plot. Both *SLAUGHTERHOUSE FIVE* and *MOTHER NIGHT* are sterling examples. The second type of Vonnegut novel is awkward and unusual in the extreme, often leaving the reader dazed, thumping his or her head on the floor in a vain attempt at comprehension. They are enjoyable, but their precise meaning continues to elude. *TIMEQUAKE* is a fine example. *BREAKFAST OF CHAMPIONS* is another. *BREAKFAST*, to define some semblance of a plot, follows two main story threads. In the first, Vonnegut presents us with Dwayne Hoover, car-salesman extraordinaire, who is slowly and surely losing his mind. In the second, we have Vonnegut regular Kilgore Trout, the unemployed and unlikable science-fiction writer, who is hitch-hiking his way across the country to receive a sizable award at an arts convention. This is the plot, but Vonnegut adheres to it only in passing. In countless asides and divergences, Vonnegut explores sex, race, politics, sex, environmental catastrophe, sex, aliens, robots, god, and sex. All this, plus numerous obscene doodles and an appearance from Vonnegut himself, bestowing wisdom upon his creations. What,

exactly, is Vonnegut trying to say? American culture is a vast wasteland of imbecility? People are generally self-centred and greedy, and above all, not nice? As a culture, America is doomed to die in its own sewage? The answer to all would seem to be yes. Vonnegut has often had a core of anger in his writings, and BREAKFAST is perhaps his angriest. But BREAKFAST is not simply a gloomy discussion of the end of us all. Vonnegut is far too wise to dwell on man's foibles for long.
