The Legal Environment Of Business (7th Edition)

Synopsis

For courses in business law and the legal environment of business This comprehensive textbook not only helps students develop a thorough understanding of the legal environment of business, but also enhances their ability to engage in critical thinking and ethical analysis, and ultimately survive in an increasingly competitive global environment. The following features of this text are designed to ensure that the authors' goal "to develop critically thinking students who understand the important concepts of business law and the legal environment of business" is attained.

Teaching and Learning Experience This text will provide a better teaching and learning experience "for you and your students. It provides:

- Critical thinking skills that are developed through a superior, comprehensive, one-of-a-kind approach.
- An emphasis on the global environment that helps prepare students for working in countries outside of the United States, or for U.S. companies with dealings in foreign companies or countries.
- Additional features that distinguish this text's teaching and learning advantages, including links connecting the law to other disciplines, a balanced mix of classic and current cases, For Future Reading lists, Applying the Law to the Facts features and more.

Customer Reviews

I should have listened to the review that mentioned spelling mistakes. There were also several incorrect case citation numbers, so that when I had to look up the case for class in Lexis Nexis, it would bring up a completely different case, or not find the case at all.

In their haste to get this (2015) edition out for the (2014) fall semester, the authors forgot to hit the "spell check" button (e.g., p. 78, p. 79, p. 169). What a waste of \$200+ when this edition is essentially the same as the previous one with the exception of a few updated case briefs.

This book helped me out with my class a lot. I learned a ton about laws, but for faster reviews or more information on contracts or legalities I would check out Henry Cheeseman Business Law and Contracts by Attorney Richard Stim. Combined those books helped me build the reference needed to complete my class successfully. This book alone has all the information needed, but having other books provides different information in understanding law.

Good layout and organization. Useful appendices and index. Rental book listed in Used Acceptable condition. Has defective binding. Partial separation of front end sheets from binding. Required book for my college class. A good primer on the topic.

Awful Book, it is a terrible textbook, if you aren't a law student it takes an incredible amount of time to understand, a complete waste of time actually. I don't recommend it but I'm sure most people aren't purchasing this for fun it is probably a required text. Just know your in for a terrible read!

The content was excellent and extensive. This textbook covers everything and anything about the business law from the perspective of a Human Resources professional.

Found the 6th edition on a PDF file for free through Google that ended up being practically identical, so I wasted my money renting this book

A very comprehensive textbook on business law. Has a ton of cases and examples. Used this for my MBA.
